

Novex[®] microscopes stand for quality and reliability. A lot of attention has been paid to the mechanical and optical components of these microscopes for basic teaching. The microscopes are very well priced despite the usage of high quality materials

Junior

Article 81.500

The Novex[®] Junior with LED illumination and rechargeable batteries is a perfect biological microscope for basic education. It can be used everywhere in the class or in the field without the need for a 230 V power supply

Viewing Head	monocular, 45° inclined and 360° rotatable
Eyepiece	Wide field WF 10x with fix arrow
Objectives	4x/0.10, 10x/0.25 and a spring-loaded S40x/0.65 objective
Stand	light metal, 150 x 120 mm (L x W)
Revolver	with 3 objectives
Stage	90 x 90 mm with 2 object clamps
Condenser	6 positions single lens disc condenser
Illuminator	LED illumination with rechargeable batteries
Focusing	lateral positioned coarse focusing mechanism
Safety	height adjustable safety stop, preventing damage to specimen
Packing	styrofoam box. Dust cover included

OP-1

Article 50.150

The Novex[®] OP-1 stereo microscope is very suitable for biology classes in basic teaching. Compact, light and without illumination

Viewing Head	binocular with dioptre adjustment
Eyepiece	pair secured wide field WF 10x eyepiece with eyeshades
Objective	interchangeable 2x objective
Stand	light metal, white epoxy plated. With 180 x 115 mm (L x W) base, object-plate and two object clamps
Illumination	none
Focusing	lateral positioned coarse focusing mechanism
Safety	height adjustable safety stop, preventing damage to specimen
Packing	styrofoam box. Dust cover included

Options:	50.881 interchangeable 1x objective
	50.883 interchangeable 3x objective
	50.884 interchangeable 4x objective
	50.886 interchangeable 6x objective

MA Macroscope

Article 55.300

The Novex[®] MA or Macroscope is a single objective and single eyepiece microscope. Very compact and without illumination

Viewing Head	monocular, rotatable
Eyepiece	interchangeable wide field WF 10x
Objective	fix mounted 2x objective
Stand	light metal, white epoxy plated. With 140 x 110 mm (D x B) base, object-plate and two object clamps
Illumination	none
Focusing	lateral positioned coarse focusing mechanism
Packing	Styrofoam box. Dust cover included

Options:	80.873 wide field eyepiece WF 15x/12
	80.882 wide field eyepiece WF 20x/10
